METHODOLOGICAL INFORMATION

Data Coverage and Methodology

Information is provided for the whole sequence of accounts for the General Government sector. The revenue and expenditure are analyzed by category and these are classified between current and capital, respectively.

The categories of revenue and expenditure for General Government cover all the subsectors of the General Government based on the European System of Accounts 2010 (ESA 2010).

Source of Data

The data is collected from:

- Financial Information Management Automation System (FIMAS) for Central Government, Extra Budgetary Funds and Social Security Funds,

- Budget execution of Municipalities and Communities,

- Budget execution of Semi-Government Organizations.

For the completion of the estimates, any methodological adjustments or corrections based on the European System of Accounts 2010 (ESA 2010) are taken into account.
