## **METHODOLOGICAL INFORMATION**

### **Definitions**

**Tourists** – Visitors who stay for at least one night in Cyprus.

**Tourist arrivals** – The term refers to the number of trips and not to the number of persons. This differs in the sense that one person can take more than one trip during the reference period.

**Residents of Cyprus** - This category includes persons who have resided in Cyprus for at least 12 months or who have come to Cyprus with the intention of staying for at least 12 months, prior to their travel.

### **Source of Data and Coverage**

The data are obtained from the Passengers Survey which is carried out at the points of arrival in Larnaka and Pafos airports. Additionally, data are also collected from administrative sources, such as the monthly arrivals from ports.

The data covers all persons who pass through passport control at the ports and airports in the Government controlled area of Cyprus. It does not include travelers who arrive and depart illegally via ports and airports in the occupied part of Cyprus.

The weighting was conducted based on the data sent to the Statistical Service by the Civil Aviation Department and from the ship manifests, as well as on the data sent by the Analysis and Statistics Office of the Cyprus Police.
